

Atul Foundation
Annual Report 2015 – 16

The logo of Atul Foundation Trust (Atul Foundation) is a representation of the tree of life. The tree symbolises the interconnection and metaphorical co-dependence of all aspects of life. It endeavours to convey that we do not exist for our own narrow objectives, but are a part of the integrated eco-system. We will make our own journey of life more meaningful if our way of living reflects that larger purpose.

The cover page is an actual photograph of the students of Kalyani Shala – it reflects one of the endeavours of Atul Foundation to promote holistic education in a natural setting to the next generation.

Legacy

Much before the concept of corporate social responsibility had evolved into its present concept, Atul Ltd (Atul) was engaged in serving the society with diverse initiatives in the fields of education, health and infrastructure. Mr Kasturbhai Lalbhai, the Founder of Atul and an Indian legend, ensured complete commitment to community development and welfare in every company he established. The primary reason for the establishment of Atul was to generate large scale employment and consequently improve standard of living in rural India. His passion to give back to the society was reflected in his daily schedule; he spent half a day on growing businesses while the other half was dedicated solely to social service. He appointed Mr Balwantrai Mazumdar, a professional and Mr Siddharth Kasturbhai, his elder son, to develop Atul, both of whom continued with that fine legacy.

In 1978, Mr Siddharth Kasturbhai laid the foundation for Atul Rural Development Fund in an endeavour to further the rich legacy of Mr Kasturbhai Lalbhai and bring focus to the rural development projects undertaken by Atul. He personally oversaw each project which was being implemented and took keen interest in consistently improving the quality, variety and impact of such projects.

Over the years, with increase in the number and the scope of projects related to serving the society, Atul Foundation was established in 2011 as an umbrella Trust of Atul conglomerate.

Mr Balwantrai Mazumdar
(1902 - 1981)

An economist, Mr Balwantrai Mazumdar was a voracious reader, sound thinker, patient listener and a farsighted professional. He created an atmosphere of camaraderie that brought out the collective best of the people of Atul. He was the moving force behind making Atul Complex one of the largest eco-friendly chemical sites. He remained with the Group till the end of his life as did most of the people who worked with Mr Kasturbhai Lalbhai.

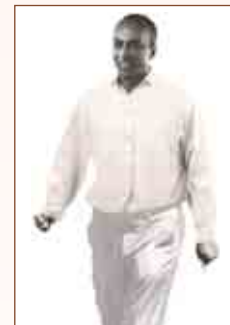

Mr Kasturbhai Lalbhai
(1894 - 1980)

The legacy of Mr Kasturbhai Lalbhai has been synonymous with 3 terms in the broadest sense: excellence, perseverance and trusteeship.

Social responsibility must include sympathy, helpfulness and willingness to forgo self interest in order to promote the welfare, happiness and contentment of others and of the country as a whole.

~ Kasturbhai Lalbhai

Mr Siddharth Kasturbhai
(1923 - 1998)

A chemical engineer, Mr Siddharth Kasturbhai dedicated his life towards the development of Atul conglomerate, according equal value to the creation of wealth and service to the society. The principles he upheld of trusteeship in governance, the personal qualities he lived by of integrity, perseverance, low profile and simplicity and the single-minded devotion he gave to the tasks on hand will remain a guiding force.

Identity

Atul Foundation was established by Atul on November 25, 2010. The Foundation is registered as a public charitable trust under The Bombay Public Trusts Act, 1950 (now, Gujarat Public Trusts Act, 2011).

Atul Foundation is an embodiment of the Purpose and Values of Atul towards serving the society.

Purpose

Atul Foundation is committed to fostering sustainable socio-economic upliftment, particularly in the lives of the underprivileged through relevant Programs | projects.

Values

Chairperson's foreword

Dear Members,

I am delighted to share with you the 5th Annual Report of Atul Foundation; we have tried to enhance the content and the structure of the report in step with our endeavour to constantly improve in all that we undertake.

In order to bring all the projects of Atul and its associate and subsidiary companies related to serving the society under one apex trust and thereby formalise and organise them better, Atul Foundation was established in 2011. The Foundation is an embodiment of the Purpose and Values of Atul related to serving the society. It has been built upon the strong base laid down by Atul since its inception 7 decades ago and Atul Rural Development Fund in the rural I tribal areas of South Gujarat for 5 decades.

The highlights of the year have been the commissioning of the new building of Atul Institute of Vocational Excellence measuring ~ 80,000 square feet in Ozarpada in Gujarat based on Public Private Partnership model and construction of ~ 625 individual household toilet blocks in 10 villages around the first manufacturing site of Atul. During 2015-16, Atul Foundation undertook several projects directed towards sustainable socio-economic upliftment in the lives of the under privileged. For example, the Foundation extended support to school children who come from poor families by providing note books and stationery required for their education; imparting training in sewing and stitching, soft toy making, basic computer skills and beautician courses to tribal youth | individuals and underprivileged women so as to empower them to earn their own livelihood; planted 70,000 trees and continued with the tradition of Atul to conserve nature; constructed roads and installed street lights and hand pumps; provided medical aid and facilities for preventive healthcare.

Since inception, Atul has continued to follow the legacy of its Founder, Mr Kasturbhai Lalbhai, of serving the society. Atul Foundation will endeavour to follow the footsteps of the Founder in making a difference in the lives of people. Lending a helping hand or lighting the path for those in need is a noble cause, and I welcome you to join in this self-elevating endeavour.

With best wishes,

Sincerely,

(Vimla Lalbhai)
Chairperson

Make a difference

Even though India is amongst the fastest growing economies in the world, there is a huge scope for improving the standard of living of a large section of its citizens. Even today, our country is home to about 25% of the underfed population in the world; about 36% of its rural population continues to remain illiterate and about 7% of such population is still living in 'extreme poverty'. It is a call of our times to engage in our own small way to serve our motherland.

Ever since its inception, Atul Ltd is conducting its business in an inclusive way. Atul Rural Development Fund (ARDF) is working to achieve sustainable development, particularly in the rural areas and help uplift the lives of the underprivileged. ARDF (2015-16 project spend: ₹ 421.28 lakhs, administration cost: ₹ 11.50 lakhs) provides a complete account of the funds received for various projects and sends its Annual Report to every donor.

If you wish to join in this endeavour of enhancing the standard of living of those less fortunate and are looking for an organisation that will channelise and direct 100% of your contribution to the projects on hand, ARDF may be a good option. Given below are some of the projects ARDF is currently implementing. If you wish to sponsor any project(s), please fill this form and send it to Dr Rana Vishnoi, Managing Trustee, ARDF, Atul 396020, Gujarat, India (E-mail address: rana_vishnoi@atul.co.in).

Contributions or donations to Atul Rural Development Fund for rural development | skill development projects qualify for 100% tax exemption under Section 35 AC | 80 GGA.
